Whenever people need advice, we're here

We are a specialist section providing Citizens Advice services by referral for people suffering with mental health issues

We provide free, confidential and impartial advice, and campaign on big issues affecting people's lives. Our goal is to help everyone find a way forward, whatever problems they face.

People come to us with all sorts of issues. They may have money, benefit or employment problems. They may have been asked to give evidence in court, or been misled by a dodgy ad. They may be facing a crisis, or just considering their options.

It doesn't matter who they are or their situation is. Citizens Advice will always give free, confidential and impartial advice.

We value diversity, promote equality and challenge discrimination wherever we see it. We aim to be sustainable, efficient and effective in everything that we do.
